<p>What is PLAR?</p>	<p>Prior Learning Assessment (PLAR) is an evaluation through a valid and reliable process, by qualified specialist(s), of the knowledge and skills that have been learned through non-formal education, training or experience to determine the equivalency for credit to a SIAST course.</p>
<p>What can PLAR do for me?</p>	<p>PLAR reduces redundant learning and provides:</p> <ul style="list-style-type: none"> ▪ Recognition for skills and knowledge acquired through prior learning ▪ Portable credentials ▪ Increased employment opportunities
<p>How do I know if I'm a candidate?</p>	<p>If you have recent successful work experience in the Perioperative Nursing field and can provide evidence of your skills and knowledge to meet learning outcomes with the Perioperative Nursing RN program, you may be a PLAR candidate.</p>
<p>What are the PLAR options?</p>	<p>You must be a registered student in the Perioperative Nursing/RN program prior to beginning the PLAR process. Admission standards for programs will still apply. See admissions policy in the SIAST calendar or website.</p> <p>You must also have 5000 hours current experience as a perioperative nurse</p> <p>Option A: Individual course challenge</p> <p>If you have previously learned the skills and knowledge for one or more of the Perioperative RN program courses, you may apply to be assessed for each applicable course.</p>
<p>How many courses are available by PLAR?</p>	<p>There are 8 courses within 3 components of the Perioperative Nursing/RN program. Presently all courses (theory, lab, and clinical) have PLAR challenges available. You may challenge as many of these courses as you are able to prove prior skills and knowledge through assessment.</p> <p>For assistance call SIAST and ask to speak to the PLAR advisor/counsellor assigned to the Perioperative Nursing/ RN Program at: 1-866-467-4278 or 1-866-goSIAST</p>
<p>When are PLAR challenges offered?</p>	<p>PLAR challenges are currently being offered September to June of each academic year.</p>

<p>Are there methods other than PLAR to gain SIAST course credits for prior learning?</p>	<p>Transfer Credit</p> <p>SIAST may grant a transfer credit for course(s) from a recognized credit-granting post-secondary educational institution. The training must be similar in content, objectives and evaluation standards to SIAST training.</p> <p>Major changes in program content may require that the student repeat or seek prior learning assessment recognition for the course for which transfer credit is requested.</p> <p>Any transfer credit agreements with this program are listed in the candidate guide.</p> <p>For specific information and guidelines regarding transfer of credit, contact a SIAST educational counsellor or refer to the SIAST website:</p> <p>http://www.siastr.sk.ca/admissions/transfer_credit.shtml</p> <hr/> <p>If your training does not qualify for credit transfer you may ask for a review of your learning through the PLAR process.</p> <hr/> <p>Equivalent course credit</p> <p>The Perioperative Nursing/RN program may recognize credit for a specific SIAST course(s) on the basis of previous credit in another SIAST course(s) with similar content.</p> <p>If the curriculum no longer qualifies for equivalency, a student may request PLAR for the course(s) if additional learning has occurred to meet the change in the current learning outcomes.</p>
<p>What do I need to prepare for a PLAR assessment?</p>	<p>Credit is earned for proven knowledge and skills. You will be assessed on your competence in the learning outcomes for each course. For more information on the learning outcomes, criteria, and the form of assessment please refer to the Perioperative Nursing/RN PLAR candidate guide & self-audit package</p>
